The screenshot shows a dialog box titled "Join Wi-Fi network" with a close button (X) in the top right corner. The dialog contains the following fields and options:

- SSID: students
- EAP method: PEAP (dropdown menu)
- Phase 2 authentication: Automatic (dropdown menu)
- Server CA certificate: Do not check (dropdown menu)
- Subject Match: (empty text field)
- User certificate: None installed (dropdown menu)
- Identity: student (text field)
- Password: \*\*\*\*\* (password field with a visibility toggle icon on the right)
- Anonymous identity: (empty text field)
- Save identity and password

At the bottom of the dialog, there are two buttons: "Connect" and "Cancel".

# Faqs

1. The identity is case sensitive.
2. POC user name is the first part of your email.

Student Example: **Abc1234**@po.pacificoaks.edu

Employee Example: **Jdoe**@pacificoaks.edu

3. The password is case sensitive.
4. Select MSCHAPv2 under Phase 2 authentication.
5. Make sure you have selected the right wifi network.
